ST JOSEPH's HEALTH CARE LONDON

Clinical Research Assistant - 1 position	Posting #: 37463
Lawson Health Research Institute	Posting Date: August 10, 2017
Parkwood Institute - Main Building	Submission Deadline: August 16, 2017
Full Time	Tina Ceneviva, Human Resources
Non-Union	

Term position, anticipated to extend until July 31, 2018 subject to the availability of work.

The successful candidate will work with a highly successful research team under Dr. Robert Teasell. The work involves updating an extensive research database through careful review and analysis of the neurorehabilitation literature. This position will involve a number of tasks including conducting literature searches, data extraction, synthesizing the findings and assigning levels of evidence to create research reviews. There will also be opportunity to help produce manuscripts for publication. This position is for a full-time (37.5 hours per week), six to twelve month contract with the possibility of renewal.

<u>Essential Qualifications</u>

- Thesis-based Masters Degree
- Experience with MS Office applications and reference management software
- Excellent interpersonal, organizational, and problem-solving skills
- Demonstrated productivity, attention to detail and high quality work
- Proficient in searching scientific databases
- Ability to meet tight deadlines and multitask without direct supervision
- Strong, formal writing skills
- Exceptional listening and professional communication skills
- Familiarity with statistics

<u>Preferred Qualifications</u>

- Previous experience with study design in healthcare and/or rehabilitation
- Knowledge of statistical software
- Previous knowledge and experience in neurorehabilitation

Your interest in this opportunity is appreciated. Only those under consideration will be contacted.
