Posting Period

Open Date: March 20, 2019

Closed Date: March 26, 2019

Non-Union

Department Name

Lawson Health Research Institute (Lawson) is the research institute of London Health Sciences Centre and St. Joseph's Health Care London. As one of Canada's top ten research institutes, we are committed to furthering scientific knowledge to advance health care around the world.

The successful applicant will be part of a growing pediatric neurology research program. Responsibilities will include Research Ethics Board submissions and correspondence, as well as maintenance of essential study documents and study files. The applicant will be responsible for the overall conduct of their assigned studies including participant visits and communications with the sponsor and study monitor. The position will require the coordination of study visits in both clinical trials and natural history studies. Responsibilities will include scheduling visits with multiple departments within LHSC as well as participants and their families. The position will also include manuscript, abstract and poster preparation/submission. The position may also include manuscript, abstract and poster review, editing and submissions.

Rate of Pay: To commensurate with experience

Hours of Work: Up to 37.5 hours per week
