

# Family Roles and Responsibilities

Study authors:

Sheena Philip; Hoda Seens; James Fraser; Joy Mac Dermid; Alison Rushton; Pulak Parikh

**Examining predictors of family roles and responsibilities, we found:**

**Men perform more traditionally masculine tasks, such as mowing the lawn.**

**Women perform more traditionally feminine tasks, such as cooking meals.**

**30-50 year-old people had a higher workload.**

**Age, gender, and ethnicity explained 41% of the differences in family roles and responsibilities.**
